Speaker Spotlight

Secretary Mandy Cohen, MD

NCHCFA is delighted to have the Secretary of the North Carolina Department of Health and Human Services (DHHS), Dr. Cohen as one of our keynote speakers. Secretary Cohen will share her perspective on healthcare priorities in North Carolina in 2020 and beyond. She will provide an update on North Carolina's transition to Medicaid managed care as it begins in 2020 for most Medicaid enrollees, including those Medicaid-only enrollees who receive nursing facility care for fewer than 90 days. Providers will also hear about the Department's plans for long-stay nursing facility residents and those eligible for both Medicaid and Medicare over the coming years.

Alex Spanko

Alex Spanko is the Editor in Chief of Aging Media Network and oversees the operations of Skilled Nursing News, a daily online trade publication covering the long term and post-acute health care industry. Alex helped Aging Media Network launch the site in the spring of 2017, and continues to shape its editorial focus – with a particular eye toward the intersection of policy and finance. Alex will be speaking on macro trends you see in the skilled nursing industry that will generate discussion and news in late 2019 and 2020. He will focus on the financial and transactional parts of the business, but operations and politics as well.

Mike Cheek

Mike Cheek is the Senior VP of Reimbursement Policy and Legal Affairs at the American Health Care Association (AHCA). Mike will provide an overview of skilled nursing providers' preliminary experiences with Medicare's new PDPM payment model. Attendees will also receive an update on PDPM best practices gleaned from providers across the country.
