As the COVID-19 outbreak continues to spread, various vendors are reaching out to the North Carolina Healthcare Association to offer unsolicited resources, services and assistance to help NC hospitals fight this pandemic. NCHA is adding the vendors’ offers and contact information to the following list to help connect hospitals with resources and assistance.

This list contains a collection of information provided by unsolicited vendors reaching out to NCHA; questionnaire responses submitted from NCHA supply chain/materials management departments for assistance in identifying potential sources; our GPO partner and other GPOs; and, AHA and other state associations. Some vendors have supplied NCHA Strategic Partners with a W-9, product specifications and/or pricing lists. Please contact Jody Fleming, jfleming@ncha.org, to inquire if NCHA Strategic Partners has any received additional information provided by companies in the below.

All items and resources are available for purchase except otherwise noted. NCHA has not verified the legitimacy of these offers but makes them available for NCHA members to use at their discretion.*
