Summary

Having an in-depth knowledge of F880 (Infection Prevention and Control), F884 (COVID-19 Reporting to CDC), F885 (COVID-19 Reporting to Residents, their Representatives and Families) and emergency preparedness requirements noted in Appendix Z E0042 is critical for compliance with infection control requirements during the COVID-19 pandemic, avoiding steep fines following infection-control focused surveys. Operators who haven't undergone an infection control-focused survey lately can expect one before July 31. Join Cindy Deporter, State Survey Agency Director, NC Department of Health and Human Services, for this webinar that will be an overview of how CMS is utilizing F880, F884, F885, and the emergency preparedness guidelines for E0042 and related tags for the pandemic.
