IH Services, Inc. – A Privately Owned Company

The success of IH Services can be traced back to the beliefs and values that provided the solid foundation upon which founder Dick Hendley built this great company. Dick Hendley believed in people and knew that if you treated people with respect, create an environment that recognizes and values their hard work, they will deliver a level of services that will exceed expectations. Dick Hendley passed away on Oct. 31st 2014. His oldest son Ryan leads the company from the position of CEO, leading with the same set of values and beliefs that continues this culture of Service Excellence.

Testimonial – Clarendon Health System

"IH Services, Inc. has provided Environmental Services for our Lake Marion and Windsor Manor Nursing Facilities since 2012. They have provided a great service for our facilities and have been great to work with over the years. We have had no DHEC citations in either laundry or housekeeping during their service. Any concerns we have had over the years were immediately addressed. Because of the relationship they have built with us, we contracted with them in November 2017 to provide Environmental Services at our Lake Moultrie Nursing Facility. So far, they have met our expectations in that facility as well. I would definitely recommend IH Services, Inc. to provide Environmental Services for your Long Term Care facility."

~ Robin M., CEO

Testimonial – Cheraw Healthcare

"I want you to know that in the almost twenty years I have been doing this I have never received the compliments regarding laundry and housekeeping like I did from this survey team. Many thanks to your team, especially Theresa and Misty for a job well done."
